

Mission Statement

It is the mission of the Edisto Indian Free Clinic (EIFC) to provide free and/or discounted medical care and medications to the residents of this community and the surrounding areas who are not eligible for insurance, who are without the financial resources to afford care. We also see Medicaid patients. It is our intent to promote the physical health and wellbeing of all who need our care. It is further intended that this clinic will be a place where the medically needy will be provided preventative measures, patient education, and periodic health maintenance procedures.

We here at EIFC are very appreciative of the support we receive from all of our generous donors.

God Heals

Our Motto:

But He was wounded for our transgressions, He was bruised for our iniquities: the chastisement of our peace was upon Him; and with His stripes we are healed.

Isaiah 53:5

EIFC Operations

Current Hours

Tuesday and Thursday

Clinic: 8 am - 5 pm
Lab: 8 am - 5 pm

Edisto Indian Free Clinic

is a Non-Profit Organization

Would you like to help?

EIFC is completely Grant and Donation Funded, we can not do what we do WITHOUT YOU! You could help save a life by being a onetime donor, or becoming a monthly sponsor of the clinic. We have seen the need for our services increase greatly in the past few years, and anticipate that need to become even grater in the coming years. Your donation would be able to give our current and future patients access to quality medical care, that will increase their quality of living. We could help them achieve better blood pressure control, lower their cholesterol levels, and even better regulate their diabetes, in an effort to increase their overall comfort in life and to feel better. Please consider partnering with us today.

Thank You,
EIFC Staff

All Donations are Tax
Deductible!
